COMPANY MILESTONE

ABOUT US

Established: 1976
Headquarters: Singapore

Who We Are:

Jason Electronics is a leading provider of integrated solutions for marine communication, navigation, and automation systems. With a strong commitment to excellence and safety, we offer a full suite of turnkey and innovative solutions, including customized system integration.

Our Specializations:

Navigation, communication, automation systems, Statutory radio surveys, Annual performance tests for VDR, After-sales services

Certifications:

ISO 9001:2015 (Quality Management Systems), ISO 45001, ISO 27001

Our Commitment:

Backed by our Singapore headquarters, we ensure consistent and quality service to our customers. Our team of engineers is dedicated to fixing equipment on time, ensuring vessels are ready to leave the port without delay.

Regional Presence:

We have established a strong presence in markets such as Indonesia, China, Thailand, India, and Europe, providing reliable technical support on short notice.

OUR SERVICE PHILOSOPHY - ONE TIME FIXED

Our Expertise

Experience: 49 years
Team: Factory-trained engineers

What We Offer:

With nearly five decades of experience in communication, navigation, and automation, we provide fast and efficient services to customers worldwide. Our global one-stop solution, supported by service contracts, ensures peace of mind no matter where your vessels are.

Our Services:

- Satellite solutions for IT asset and bandwidth management onboard
- Crew welfare services
- Communication cost management for shipowners

Our Commitment:

We are dedicated to delivering reliable and efficient services, ensuring your vessels are always connected and operational.

SECURE YOUR PEACE OF MIND

REDUCED REPAIR COST

REDUCED VESSEL DOWNTIME AND LOWER WORKLOAD FOR CREW

INCREASE VESSEL'S PRODUCTIVITY

ENSURE OPTIMUM EQUIPMENT PERFORMANCE

MANAGED BANDWIDTH USAGE

REMOTE HELP DESK 24/7 AND REMOTE TROUBLESHOOTING

OUR SERVICES

SUPPLY, INSTALL, REPAIR, ANNUAL INSPECTION

Our highly skilled and qualified engineers are experienced in handling the installation and commission for all communication, navigation and automation equipment.
